## Appendix 5 – SPONSORSHIP/ADVERTISING APPROVAL

### OVERVIEW

These regulations are made pursuant to Article T6 of Official ITF Rules of Competition - Appendix 2 – Approved Clothing. Of specific note is the following clause:

#### Appendix 2 – Approved Clothing.

- a. **Sponsorship:** Competitors are permitted to display personal sponsors' logos, according to the following criteria:
  - i. Total area of sponsorship must measure no greater than 8cm wide by 5cm high
  - ii. Located on the left (L) sleeve. Positioned on the outside of the arm, between the elbow and shoulder.
  - iii. Any sponsor logo or image must be in good taste and must be approved by the ITF Umpire Committee.

Competitors, teams and delegations participating in ITF World Championship and World Cup competitions must comply with these regulations. It is recommended that National Governing Bodies and/or Allied National Associations seeking clarification of any of the regulations do so by referring to the specific rules of competition.

We would encourage National Governing Bodies and/or Allied National Associations to seek clarification at the earliest possible time, in relation to designs, content or nature of sponsorship/advertising from the ITF Umpire Committee. National Governing Bodies and/or Allied National Associations are reminded to ensure compliance with these regulations prior to commencing the manufacturing or screening process.

Heads of Delegations for each National Governing Bodies and/or Allied National Associations are REQUIRED to submit an ASSURANCE OF ADHERENCE for each sponsor to be represented on their teams'/competitors' doboks, clothing and equipment, guaranteeing the Sponsor and all associated images, logos, word marks and text does adhere strictly to, and meets the requirements of, Appendix 4 – Sponsorship Approval. The responsibility of compliance rests solely on the National Governing Body and/or Allied Association.

Approval for each sponsorship/advertising is not necessary, as the ASSURANCE OF ADHERENCE is the guarantee of the National Governing Body and/or Allied National Association that said sponsorship/advertising is indeed in compliance. Only in the event of questionable sponsorship/advertising will formal approval from the ITF Umpire Committee be required.

The ITF Umpire Committee reserves the right to inspect any and all sponsorship/advertising on doboks, clothing and or equipment for compliance at any time during, and at any venue of the event, and to approve or disallow any sponsorship/advertising for non-compliance at any time.

All decisions made by the International Taekwon-Do Federation Umpire Committee in these regards shall be final and binding.

The ITF Umpire Committee has produced a practical guide ([Appendix 2 - ITF Approved Clothing](#)) on how to apply the formal regulations relating to sponsorship on the competitor's doboks. This can be found on the official ITF website.

All photographs, images, designations, messages, logos, trademarks, names and emblems are reproduced here for illustrative purposes only. All copyright, trademarks and other intellectual property rights vest in and remain the legal property of the rightful owners.

Acrobatic sequence/techniques include, though are not limited to; splits, flips, tumbles, rolls, dives, etc.

### Adding a Movement

In Patterns, when a competitor/team performs more than the total number of movements than that required by the technical directions of the pattern, they have added a move. This will result in a total score of zero (0).

Used to reduce pain and aids in recovery by restricting the motion of an injured joint for a temporary period of time.

Taping compresses soft tissues to reduce swelling, supports anatomical structures involved in the injury, secures dressing or bandages over wounds, protects the injured joint from re-injury, and or protects the injured part while the injured part is in the healing process.

Products include, though are not limited to:

- soft cotton under-wrap
- medical / surgical tape
- Kinesio Tape/ Spider Tech / KT Tape / Ortho Tape / Rock Tape ...
- Elastic Bandages / Tensor Bandages / Ace Bandages / Crepe Bandages ...

If it is the case that the **BLUE** competitor cannot continue the match, either due to the nature of the injury or that the allocated treatment time of 3 minutes has expired, the **RED** competitor can only be held negatively responsible if no additional match action has occurred since the consequence of the warned action or foul. If match action continues after the initial visit of the doctor and the match is stopped again due to a reoccurrence of the original injury, the **RED** competitor is not negative responsible AS THEY CANNOT BE SANCTIONED A SECOND TIME for the past (original) infraction and the **BLUE** competitor must surrender the match.

#### Displaced Obstacle

In Special Technique Breaking, if any part of the competitor's body, uniform or belt comes into contact with either the barrier or any of its components, and subsequently caused the barrier to be moved from its normal position of rest and either activated or dislodged, resulting in an incomplete and therefore ineligible attempt to break.

The effects of this final sequence may be made evident by the opponent falling, twisting, flipping, or tumbling in representation of the impact.

The effect of the final blow is not considered an acrobatic sequence, so long as it is a single reaction (i.e., it is a logical representation of the final blow, such as flips resulting from the final impact, throws that are not avoided/released, sweeps that are not avoided or moved through, etc.).

### **Injury Time**

The three (3) minute maximum *accumulated* time period during a match in which the official timer is stopped, allowing the tournament medical personnel (doctor, or appropriate first aid attendant) to diagnose and treat an injury sustained during the course of the match.

The three-minute Injury Time will begin the moment the doctor is in front of the injured competitor, and will end when the doctor departs. This time will be recorded, and if the doctor is called again during the same match, the injury clock will resume counting down from the last time point recorded.

At the end of the three (3) minute Injury Time, the medical personnel must make a final declaration as to the competitor's ability to continue with the competition. Any competitor requiring more than three (3) total minutes of medical attention during a match will not be allowed to continue and will forfeit the match.

### **Start**

**In Patterns:** A pattern starts at the command of "Sijak", and is scoreable from the moment the command is issued. If, at the moment the command of "Sijak" is issued, the competitor is in the wrong ready position for the pattern to be performed, then the competitor will receive a score of zero for that pattern.

<b>Step</b>	The complete removal and subsequent replacement of one or more of the feet on the floor, regardless of whether it results in any advancement, withdrawal or lateral motion.
